Summary

Full Stack Web Developer with a background in Music and college degree in Chemistry. I've spent 20 years performing and teaching music. A few highlights are managing a band, touring, and giving masterclasses at Princeton and Michigan.

Technical skills

Languages: HTML, CSS, Javascript

Applications:

Projects

Informed Trades | https://github.com/shalant/Informed_Trades/ | https://shalant.github.io/Informed_Trades/
- A group project that supplies news articles for a given stocker ticker symbol. We used two separate API calls as well as a novel CSS library called Bulma
- I helped with one of the API calls, light Javascript, and organizing Github and presentation.
- Tools/languages: HTML, CSS, Bulma, Javascript, Jquery, API

Scheduler App | https://github.com/shalant/SchedulerApp/ | https://shalant.github.io/SchedulerApp/
- This project created a daily calendar application that took in user data, gave the current time, colored time blocks based on past/present/future, and saved the data
- Tools/languages: HTML, CSS, Bootstrap, Javascript, Moment.js

Weather App | https://shalant.github.io/WeatherApp/ | https://github.com/shalant/WeatherApp/
- This app allows a user to enter a city, find the current forecast, 5-day forecast, and store recent searches.
- Tools/languages: HTML, CSS, Javascript, weatherapi

Experience

Education

Bootcamp Certificate (pending): Northwestern University Coding Bootcamp, Evanston, IL

B.S., Tufts University, Boston, MA

B.M., New England Conservatory of Music, Boston, MA
